STONY BROOK LONG ISLAND CHILDREN'S HOSPITAL

# Join Us

For the first time, Stony Brook Long Island Children's Hospital has partnered with the March of Dimes to host its annual March for Babies. More than a million people in over 900 communities across the country participate in this walk, which raises money to create awareness and prevent birth defects, prematurity and infant mortality. We are thrilled to be holding Long Island's walk on our campus—and we invite you to join us to represent Stony Brook, walk with your colleagues, friends and neighbors, and raise money for this important cause.

If you want to form a team, we can help you get started. If walking just isn't your thing, there are also volunteer opportunities. You can also help by getting the word out. It promises to be a festive and heartwarming event, perfect for the whole family.

Detailed information can be found on the home page of Stony Brook University Medical Center's web site, [StonyBrookMedicalCenter.org](http://StonyBrookMedicalCenter.org). Just look for this button:

## Walk With Us
